EON

CASE

Tacens EON mini tower has a compact and plain design, that highlights for its elegant front panel, coated with high quality black rubber. This elegant design turns EON into the perfect case for both personal and professional use.

With its black interior and internal cables, this chassis offers many numerous drive bays, for increasing its capability. EON also includes a 8 cm fan, in order to improve case's cooling.

EON has many space for cable management and its TAC 2.0 side panel has been approved by Intel.
