NOA

CASE

NOA case highlights for its compact and elegant design, plenty of details, such as white-lighted logo in the front or its black painted inside.

With place for Micro-ATX motherboards, NOA allows the installation of an extreme cooling system, supporting up to 4 fans and giving the chance of installing watercooling system.

In spite of its small size, NOA supports VGA cards up to 350mm. Best performance in a restrained case.
